## TARGET2: INTERMEDIARY RELEASE V13.01: CONFIRMATION OF BUG FIXES AND GO-LIVE DATE

On the 14 February 2020, the Eurosystem published a [list](#) of bug fixes that were planned to be delivered with the TARGET2 intermediary release 13.01 on 17 February 2020 in CUST and on 23 March 2020 in PROD.

With this communication the Eurosystem would like to confirm that the Central Banks successfully tested these fixes. It should be noted that there are no mandatory testing activities defined for the TARGET2 participants.

Finally, the aforementioned go-live date of the TARGET2 intermediary release 13.01 is confirmed.

<b>Reference</b>	<b>Module<sup>1</sup></b>	<b>Bug Description</b>
